

A complex maze with various geometric shapes and footprints. The maze is composed of a grid of squares. The starting point is labeled "START" in a black box at the top left. The ending point is labeled "FINISH" in a black box at the bottom right. The maze contains several geometric shapes: triangles, squares, rectangles, circles, and hexagons. There are also three sets of footprints: one at the top left, one in the middle right, and one at the bottom right. The maze is designed to be a single continuous path from start to finish.
