

Drawing something fishy

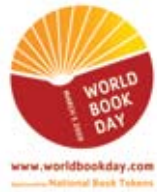

The Fish Who Could Wish written by John Bush is a great source of inspiration for drawing fishes. John wrote a little poem to help inspire you:

*Fish, Fish such simple things –
Head, tail, body, fins.
And yet this recipe comprises
A zillion colours, shapes and sizes.*

- Look carefully through *The Fish Who Could Wish* (aka Hamish) and see the many different shapes, sizes and colours of Hamish's friends.

- Get ideas by looking at fishes I have illustrated below – and use your imagination!

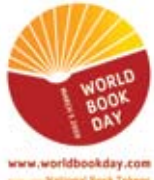

Drawing Winnie's magical monsters

You can apply John's rhyme to drawing monsters: *Monsters, monsters, such scary things...*

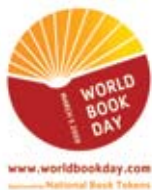

- Look carefully through any *Winnie* picture book and, lurking somewhere in the background, you will see one of many magical monsters that live in Winnie's black stately home.
- Get ideas by looking at the monsters I have illustrated below – and use your imagination!
