

Name _____ Date _____

Brain teasers

Tease your friends by making your own riddles. Choose two interesting nouns: one made up of 5 letters, and one made up of 6 letters. Make them precise – eg, *vixen* rather than *fox*. To make your riddle harder, use abstract nouns – not a person, place or something you can touch (like *warmth*, *truth* or *anger*).

Now complete each of these writing frames:

My first is in _____ but not _____

My next is in _____ but not _____

My third is in _____ and also in _____

My fourth is in _____ but not _____

My last is in _____ but never in _____

My first is in _____ but not _____

My next is in _____ but not _____

My third is in _____ and also in _____

My fourth is in _____ but not _____

My fifth is in _____ but not _____

My last is in _____ but never in _____
