

Name _____ Date _____

The Clever Wish

The Clever Wish has a structure typical of many traditional tales. Draw/sketch what happens at each of these key stages in the story. Refer to this storyboard when retelling the tale to your friends and family.

We meet the main character and discover his problem.	What he sets off to do.
The dilemma he faces.	The choice or decision he makes.
A magical or special event happens.	The resolution – what happens in the end.
