

Where creatures live

Fill in the tally chart below to record the wildlife living in your school grounds.

| Location | Every time you find a living creature in the habitats on the left, mark it here. Put the fifth line diagonally across the previous four, like this:  | Total |
|---|---|-------|
| In the grass  | | |
| Under logs  | | |
| In a tree  | | |
| On a flower  | | |
| In the earth  | | |
| Under stones  | | |
| On a path  | | |
